Hi, Jane,

I'm so glad you're going to come to my house tomorrow. It's in the north of the town, but your house is in the west. Here are the directions to get here. From your house, go east and walk across the esquare. Walk past the park and then go under the brige. Walk along the street for a few minutes and go past Sam's house. Now you can see a rondbout. Go straight across it and go north up the jill. Walk past the colleague and our house is next to it.
