

Revision 1

1 Listen and read. 2 Talk about the story. 3 Act it.

While Ben and Sue were sitting by the river, a black car crossed the bridge. It was going very fast.

Who's driving that car?

We'll have to watch to find out.

The car stopped in front of a building. Two men got out and ran up the steps. A fire engine came across the bridge.

That building used to be a theatre.

What are those men doing?

A helicopter flew overhead. A tall man appeared on the museum roof. The fire engine stopped at the museum.

Is he carrying something?

Maybe!

While two firemen were climbing the ladder, the first two men ran onto the museum roof. The tall man saw them.

They're using the ladder to get to the next roof.

Why?

A man appeared from the helicopter. He had a camera. The tall man ran to the edge of the roof and leaped.

That man is using the camera to take pictures.

Look at that jump!

The tall man jumped across the gap and onto the next building. The firemen caught him. The other men clapped.

They had to catch him.

Why? What were they doing? Do you know?
