trying

invention
useful

Do you love science? When you see a problem, do you want to find a _____? Do you have the _____ to think up a new _____? If so, perhaps you are one of more than 7 million young people every year who take part in local science fairs.

At these events, young scientists and inventors get together to show the projects they are working on and meet other young people. They also aim to show the judges that their inventions are the best and the most _____!

The winners are able to go on to a week-long international science fair. This science fair lets 1,700 young scientists and inventors from 78 countries share their _____ and show their work to the world.

So what does it take to be a winner? The best young inventors need to be smart. They need _____, too. In addition, they are not afraid of _____. If something doesn't work the first time, they keep _____ different ways until they _____.

3 Write. What about you? Write your answers.

1. Think of the inventions you use every day. Which one is the most useful?

2. Do you use a lot of electricity in your home? How can you use less?

3. Are you a good friend? What do you do when a friend has a problem?

4. What advice do you give a friend who fails at something?
