AN UNUSUAL HOME

1 ☐

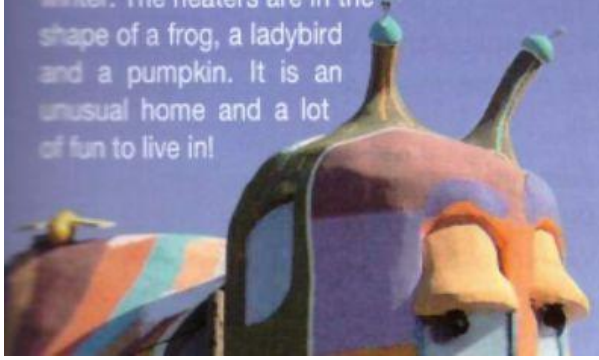

In Sofia, Bulgaria, there is a very unusual family home. It is five floors high and it's in the shape of a snail! Its mouth is a door and its eyes are windows. Its body and big round shell are multi-coloured. The shell is full of little windows, so light can get inside, and on top of it, there's a little ladybird and a butterfly.

2 ☐

It is a very popular attraction for visitors to Sofia, but it is also the home of one of the world's top architects. There are no corners or straight lines in the building. There are no bricks or concrete blocks. Every building material in the house is light and friendly to the environment.

3 ☐

The snail house has rooms just like a normal house. There is a living room, bedrooms, a kitchen and a bathroom. It has also got two garages. It has got old-fashioned furniture and funny heaters to keep the house warm in winter. The heaters are in the shape of a frog, a ladybird and a pumpkin. It is an unusual home and a lot of fun to live in!
