

John's House

Read the story

John lives near the school, in a big and comfortable house. It has a living room where he can sit and watch T.V with his family. When John is hungry, he goes to the kitchen where his mother cooks food, but his mother says he has to eat in the dining room where he can find the table. If he wants to sleep, he goes to the bedroom. In it, he has his toys and books, to study and play. Every night, he goes to the bathroom to brush his teeth and take a shower before going to the bed. When John wants to play with his friend Marcos, he goes out to the yard. John's house has a beautiful garden full of plants and flowers. If you want to have a happy and nice day, then you have to visit John and his family.
