B **Circle the correct answer.**

1   A *penny* / *nickel* is one cent. A dime is *five* / *ten* cents.

2   *Four* / *Five* quarters is one dollar. One dollar is *one hundred* / *one thousand* cents.

3   *Add* / *Subtract* a dime and a nickel, you have 15 cents.

4   *Add* / *Subtract* a quarter from a dollar, you have 75 cents.

5   $2.25 *equal* / *equals* two dollars and twenty-five cents.

C **Count and write.**

= *55 cents*
