

The snow glows white on the tonight

Not a footprint to be seen cold

A kingdom of isolation

And it looks like I'm the storm

The wind is howling like this swirling inside

Couldn't keep it in, heaven knows I've tried they know

Don't let them in, don't let them

Be the good girl you always have to be mountain

Conceal, don't , don't let them know

Well, now feel

Let it go, let it go

Can't hold it back anymore slam the door

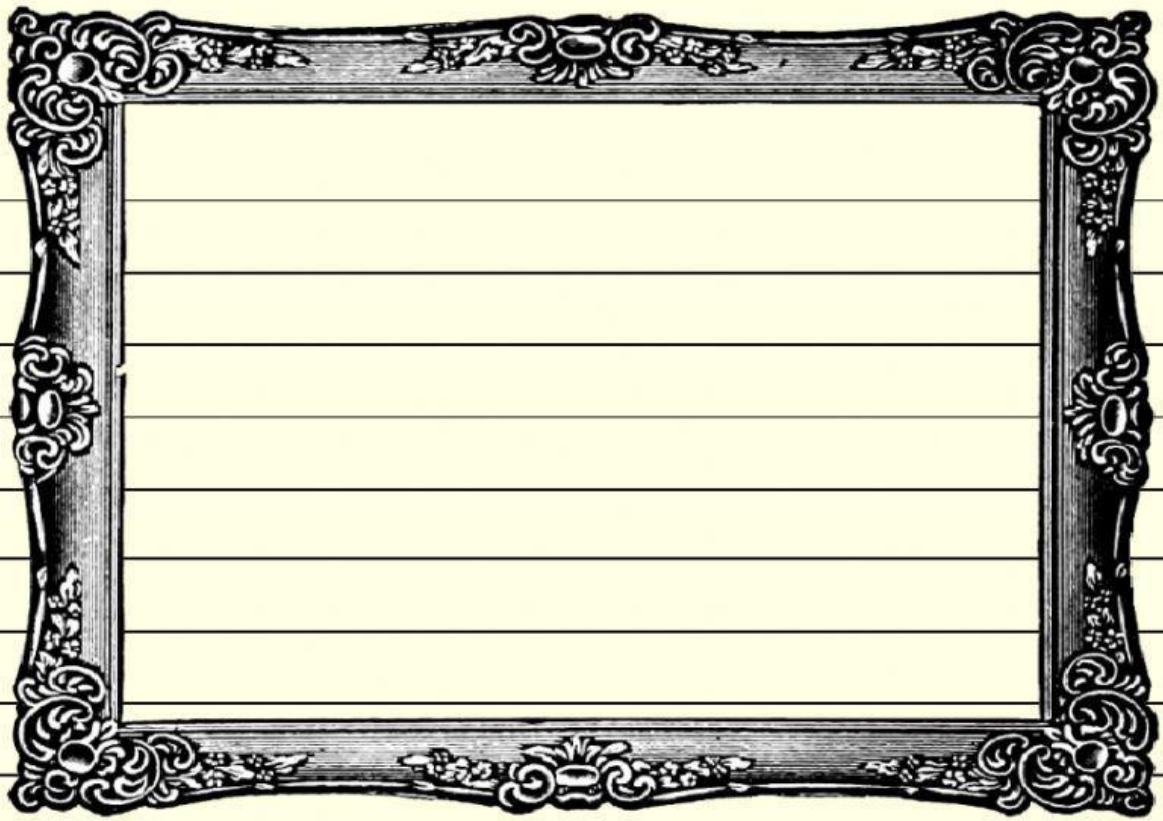

Let it go, let it go

Turn away and queen

I don't care what they're going to say

Let the storm rage on see

The never bothered me anyway

It's funny how some makes everything seem small

And the that once controlled me can't get to me at all free

It's time to see what I can do

To test the limits and break through past

No right, no wrong, for me

I'm distance

Let it go, let it go

I am one with the and fears

Let it go, let it go

You'll never see me cry wind

Here I stand and here I stay

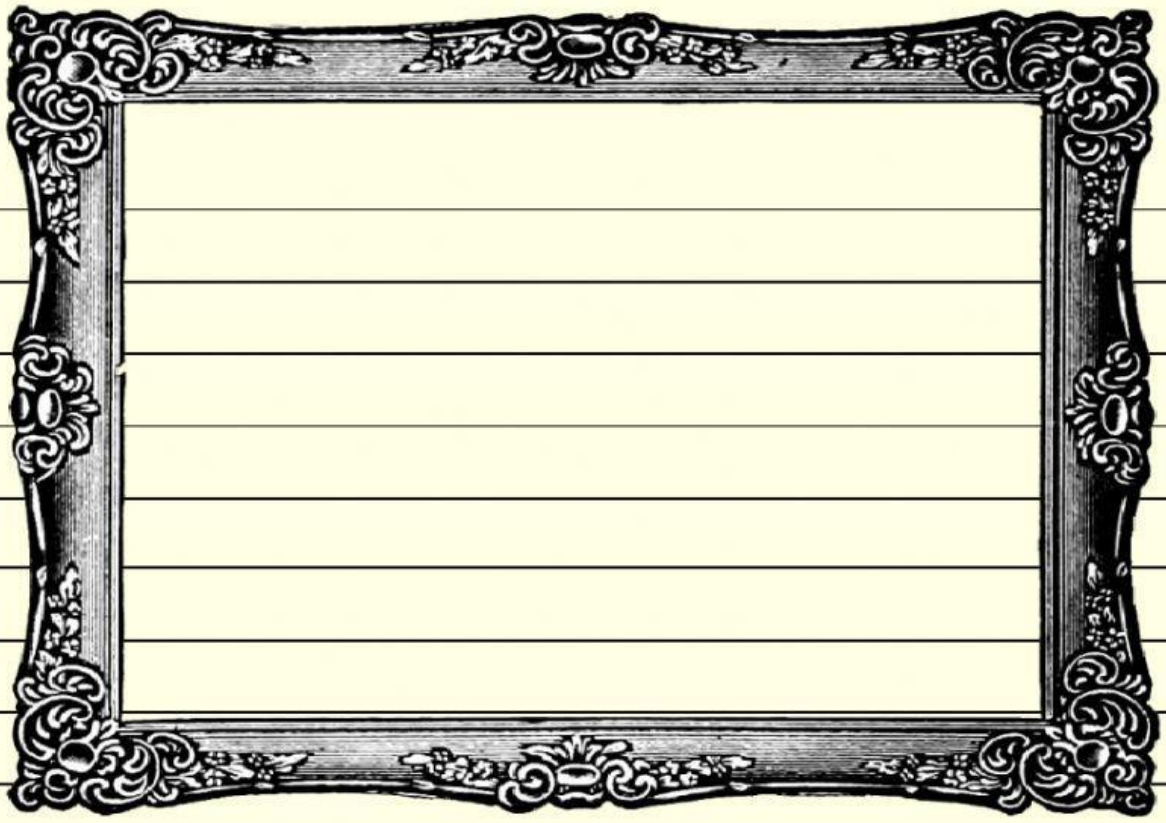

Let the storm rage on no rules

My flurries through the air into the ground

My soul is spiraling in frozen fractals all around sky

And one thought crystallizes like an icy blast

I'm never going back, the is in the past power

Let it go, let it go day

When I'll rise like the break of

Let it go, let it go dawn

That perfect girl is gone

Here I stand in the light of anyway

Let the storm

The cold never bothered me rage on
