

Nothing to Lose

Billy Talent

Need more friends with _____
All the angels I know put concrete in my veins
I'd always walk _____ alone
So I became lifeless just like my telephone

There's nothing to _____
When no one knows your name
There's nothing to _____
But the days don't seem to change

Never played truth or dare
I'd have to check my mirror to see if I'm still here
My _____ had no clue
That I ate all my lunches alone in the bathroom

There's nothing to _____
When no one knows your name
There's nothing to gain
But the days don't seem to change
There's nothing to _____
My notebook will explain
There's nothing to gain
And I can't fight the _____

_____ said it's just a phase
When I grow up my children will probably do the same
Kids just love to tease
Who'd know it put me underground at _____

There's nothing to _____
When no one knows your name
There's nothing to _____
But the days don't seem to change

There's nothing to lose
My _____ will explain
There's nothing to gain
And I can't fight the pain

There's nothing to _____
When no one knows your name
There's nothing to _____
My _____ will explain
There's nothing to lose
When no one knows your name
There's nothing to gain
And I just _____ today
