Welcome to Harriet's Hotel! In 2015, our hotel was number one in the city because our rooms were very clean, our food was very good and the people in our hotel were very friendly. Everyone was very happy with our hotel.

A great thing about our hotel is that we're very near the city centre. We're next to the museum and the bookshop is only 41 metres away. The café is only 52 metres away and you can walk to all of those places!

Some places are far from our hotel. For example, the shopping centre is 40 kilometres away, the theme park is 55 kilometres away and the airport is 60 kilometres away. You can get to the shopping centre by tram, you can get to the theme park by bus and you can get to the airport by taxi. Please speak to Harriet for more information.
