Lesson 8.3 Solve money problems involving dirham notes and coins.

Learn: Ava has 41 AED in her bank. She adds 29 AED. What are some ways to show the amount of money Ava has?

There are different AED notes.   41 AED + 29 AED=

41 AED	29 AED

60 AED   +   5 AED   +   5 AED   =   _____ AED

What is the value of the group of coins or dirham notes?

	_____ AED
	_____ AED
	_____ AED

Pam has 160 AED in dirham notes. What dirham notes could she have?
