

6. Mr Mohamad's factory makes 1793 toys.
His factory makes 157 fewer toys than Mr Hassan's factory.
- (a) How many toys does Mr Hassan's factory make?
- (b) If Mr Hassan sells 1698 toys, how many toys does he have left?

(a)

$$\underline{\hspace{2cm}} \bigcirc \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

Mr Hassan's factory makes toys.

(b)

$$\underline{\hspace{2cm}} \bigcirc \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

He has toys left.
