HELP OUR SCHOOL GO GREEN!

This year our school will use the "Three R's" program to help **save** the **environment**. Every student can help make a difference!

Reduce:

- Don't **waste** energy. **Turn off** computers and **lights** when you leave the classroom, so you don't use too much **electricity**.
- **Save** water. Turn off the water after you wash your hands or when you brush your teeth.

Reuse:

- Bring your lunch in a box or bag that you can **reuse** every day.
- Bring your own water bottle to school.
- Use boxes and bottles from home for art projects. You don't always need to buy new materials.

Recycle:

- Always put bottles, cans, and paper into the **recycling bins**, so they can be used again. Never put them in the trash!

1 Complete the sentences. Use the words in the box:

Save – electricity – waste – recycling bins – environment – reuse – turn off

1 Computers and other machines use _____.

2 You should use _____, not the trash, for bottles, cans, and paper.

3 Take your lunch box and water bottle home, so you can _____ them tomorrow.

4 Remember to _____ the computers and the lights when you leave a room.

5 We can make a difference to the _____ with the "Three R's" program.

6 When we don't turn off the water, we _____ it.

7 It's important to _____ energy and water.

2 Answer to the question.

What do you do at home to save the environment?
