Family

I. Match the word with the picture about type of family. (5 pts)

Blended Family

A family consisting of a couple and their children from this and all previous relationships.

Extended Family

The extended family structure consists of two or more adults who are related, either by blood or marriage, living in the same home. This family includes many relatives living together and working toward common goals, such as raising the children and keeping up with the household duties. Many extended families include cousins, aunts or uncles and grandparents living together.

Childless Family

While most people think of family as including children, there are couples who either cannot or choose not to have children.

Single Parent Family

The single parent family consists of one parent raising one or more children on his own. This family may include a single mother with her children, a single dad with his kids, or a single person with their kids.

Nuclear Family

The nuclear family is the traditional type of family structure. This family type consists of two parents and children. The nuclear family was long held in esteem by society as being the ideal in which to raise children.
