

Parts of a Plant

Song from Firefly Family Theatre

CLICK HERE. LISTEN,
WATCH AND DO.

1. LISTEN THEN DRAG AND DROP.

-----CHORUS-----

LEAVES RAIN SUN STEM FLOWER ROOTS

Roots, , leaves, .

Need , and air and little rain shower.

, stem, , flower.

Need sun, and air and little shower.

2. ORDER PARTS OF THE PLANT.

FLOWERS	
LEAVES	
STEM	
ROOTS	

ROOTS PLANT WATER SEED STEM

We start with a tiny in the ground

buried in the dirt roots all we found.

The roots get water and form a base.

The will hold the plant in place.

The holds the plant up straight and tall

it helps make sure the doesn't fall.

The stem carries up from the dirt

The stem helps keep the plant alert.

-----CHORUS-----

LEAVES POLINATE FOOD EAT FLOWER

The are not just there for show.

The leaves will work to help the plant grow.

They take in sunlight and make it sweet.

The leaves make for the plant to .

The colorful is so very bright.

Bees will step and rest in their flight

They flowers and spread it around

then the seeds fall to the ground.

-----CHORUS-----
