

**LISTENING: UNIT 1-LESSON 3-P8**

**Conversation 1**

A: Crime is just .....1.. You can't pick up a newspaper without there being four or five crime stories on the first page.

B: In my opinion, all this crime is a symptom of the whole .....2 in culture. What is the world coming to?

A: Well, there's not a whole lot anyone can do about crime, is there?

B: Actually, there is something we can do about crime.

B: True. These attacks are happening everywhere now.

A: Yeah. What is going on with this world? It's crazy.

B: Right. But what are you going to do about it? It's just part of life these days.

A: That's one way to look at it, but I feel it's gotten so bad that I don't like to be in crowded places. I keep thinking something bad is going to happen, like a bombing.

B: Well, that's no way to live. I think you just got to keep living and hope for the best. It is what it is.

A: You're probably right. I guess I'm going a little .....8
