Action – These types of movies are big budget movies that show many physical stunts. If there is heroism, fights involving guns, swords or karate moves, horseback action or any destructive forces of nature, your keyword is Action. In these movies, it's usually a fight between the good guys and bad guys.

Comedies – They are loved by young and old for the feel good content. A comedy can be based on innocent humor, exaggerations, facial expressions or downright crude jokes.

Horror – You either love them or hate them. These films expose our fears and give rise to nightmares. For some, horror films provide catharsis but other can barely sit through a movie, due to the violence and gory scenes.

### *The Silver Glove*

#The Silver Bore

*Daniel Jones*

If you've ever seen a pirate film in the past, you can save your money. This is one of the most predictable films I have seen this year. The plot is totally unbelievable and the script is something amateurish out of filmmaker college. There is some nice cinematography but the Hawaiian scenery is not enough to save this film. Great support acting from the Frenchman Thierry Montpasse as the evil Captain Scar.

#Pirates At the Speed Of Light

*Angela Moore*

I just love this fast-moving pirate thriller. The story moves at dizzying speed from one terrifying battle scene to the next and you really feel as if you are on the ships with these evil thieves and smugglers. Chief pirate, British actor Colin Williams, is given all the best, wittiest lines and the film has its share of laughs as well as scary moments. The storm scene at the beginning leaves you both exhausted and terrified.
