

The Countries Song (lyrics)

I went to on an ocean liner
Went to in the back of a van
I went to all the way by train
Just to play in a rock 'n roll band

I went to just by chance
The USA just for the day
I went to just to pay my bill
And to play in a rock 'n roll band

I went to - worked as an usher
Went to - jammed with a man
Rode a bike to 'cause I thought it was near
To play in a rock 'n roll band

I went to Congo - along with my bongo
Took a boat-ride to - along with my tuba
Ireland, 'n Iceland, the Virgin Islands
To play in a rock 'n roll band
