Hi guys, my name is Andy. I'm a student of class IELTS 04 at Key Means English Center. Let me tell you about my dream job.

I have always dreamt of becoming a famous Tiktoker. There are so many interesting things you can find on Tiktok. Not only for entertaining but also for educational purposes. I love traveling recording fun moments, editing videos and sharing them with other users. I want to show the world how beautiful our country is and how awesome Vietnamese culture is. My brother is a famous Tiktoker too. He has a channel for food reviewing. His videos are amazing to watch.

To be qualified for this job, we need to have a good taste in art to make attractive videos. We also need to change quickly enough to create or follow new trends to make our videos viral. Pursuing a dream has never been easy for anyone, people need to make real efforts to be happily successful. I set goals to reach them one by one. As a student, I am spending time self-studying how to edit a video, use a camera and manage a channel,... I have a Tiktok account – just a small one but I am posting videos that I made on every day. Nelson Mandela said that " It always seems impossible until it's done." So, I will keep trying until I get millions of views.

Maybe one day in the future, you will see one of my videos when scrolling your screen. I hope that you will like it. That's all. Thank you for listening to me. Bye!
