

## There's been a big mistake

*ELEANOR:* Who is in the Bad Place, that would shock me?

*MICHAEL:* Ah, well, Mozart, Picasso, Elvis, basically every artist ever. Uh, every U.S. president except Lincoln.

*ELEANOR:* That sounds about right. \_\_\_\_\_ Florence Nightingale?

*MICHAEL:* That was close, but, no, she didn't make it.

*ELEANOR:* Wow, all those amazing people down there, it just seems so hard to believe.

*MICHAEL:* Again, it's an incredibly selective system. Most people \_\_\_\_\_ here. But you, a lawyer who got innocent people off death row, \_\_\_\_\_, Eleanor. And by the way, welcome to your new home. Ah, it's perfect, isn't it? You see, in the Good Place, every person gets to live in a home that perfectly \_\_\_\_\_ his or her true essence.

*ELEANOR:* Cool. So, I guess that's why my house, for example, is this adorable little cottage, whereas other people might have homes that \_\_\_\_\_, like that one.

*MICHAEL:* Exactly. Oh, I'm so happy you get it. As you can see, the interior has been decorated just as you like it, in the Icelandic primitive style. Oh, oh, and, uh, of course, you \_\_\_\_\_, so...

*ELEANOR:* I do love clowns.

*MICHAEL:* Now, let me show you the, uh, the video system here. You can review everything that \_\_\_\_\_ in your life from your point of view. There we go. This is your Human Rights mission to the Ukraine. I mean, you got a ton of points for that one. It really put you over the top. Chidi, come on in.

*CHIDI:* Eleanor? I'm Chidi Anagonye, and you are my soul mate.

*ELEANOR:* Cool, bring it in, man.

*MICHAEL:* Now, excuse me. I have other people to attend to.

*ELEANOR:* So \_\_\_\_\_, Chidi?

*CHIDI:* Well, I \_\_\_\_\_ in Nigeria, raised in Senegal, but my work took me all over the place. Australia, Hong Kong, Paris. What about you?

*ELEANOR:* Uh, well, I... I was born in Phoenix, Arizona. And then I \_\_\_\_\_ in Tempe, Arizona. And then I \_\_\_\_\_ to Phoenix, Arizona. Your English is amazing.

*CHIDI:* Oh! I'm actually speaking French. This place just translates whatever you say into a language the other person can \_\_\_\_\_. So, it's incredible!

*ELEANOR:* Whoa.

*CHIDI:* And now I want to say this.

*ELEANOR:* Okay.

*CHIDI:* Eleanor. I have spent my entire life in pursuit of fundamental truths about the universe. And now we can actually \_\_\_\_\_ about them together as soul mates. It's overwhelming.

*ELEANOR:* Chidi, You'll stand by my side no matter what, right?

*CHIDI:* Of course I will.

*ELEANOR:* \_\_\_\_\_. Say, "I promise I will never betray you for any reason."

*CHIDI:* Eleanor, I \_\_\_\_\_ that I will never say or do anything to cause you any harm.

*ELEANOR:* Good. Because those aren't my memories. I \_\_\_\_\_ a lawyer. I \_\_\_\_\_ to the Ukraine. I hate clowns. There's been a big mistake. I'm not supposed to be here.

*CHIDI:* Wait, what?
