

LA CUENTA ATRÁS

El astronauta Andrés,
solo sabe contar del revés.

A yellow rocket ship with blue circular windows and orange flames at its base is positioned in the center of a desert landscape with mountains in the background. The scene is overlaid with a counting exercise. Ten numbers (1-10) are scattered around the rocket, each enclosed in a yellow rounded square. At the bottom of the page, there is a horizontal row of ten yellow rounded squares. The first square contains the number '10', the second is empty, the third is empty, the fourth contains the number '7', and the remaining six squares are empty.
