Name: _____

Class: 3A1

Date: 28 / 02 / 2022

THAI HUNG | IRIS SCHOOL

WS - Review (2)

1 a) Double 36 ☐

b) Multiply 21 by 2 ☐

c) Halve 98 ☐

d) Share $52 between two ☐

e) Split 74 cm in half ☐

f) Half of ☐ is 53.

2 Use the grid method to work out these multiplications.

a) 3 x 18

×	10	8	
3			= ☐

b) 6 x 23

×	20	3	
6			= ☐

c) 7 x 24

×			
			= ☐

3 Work out which numbers have been multiplied together in these grid.

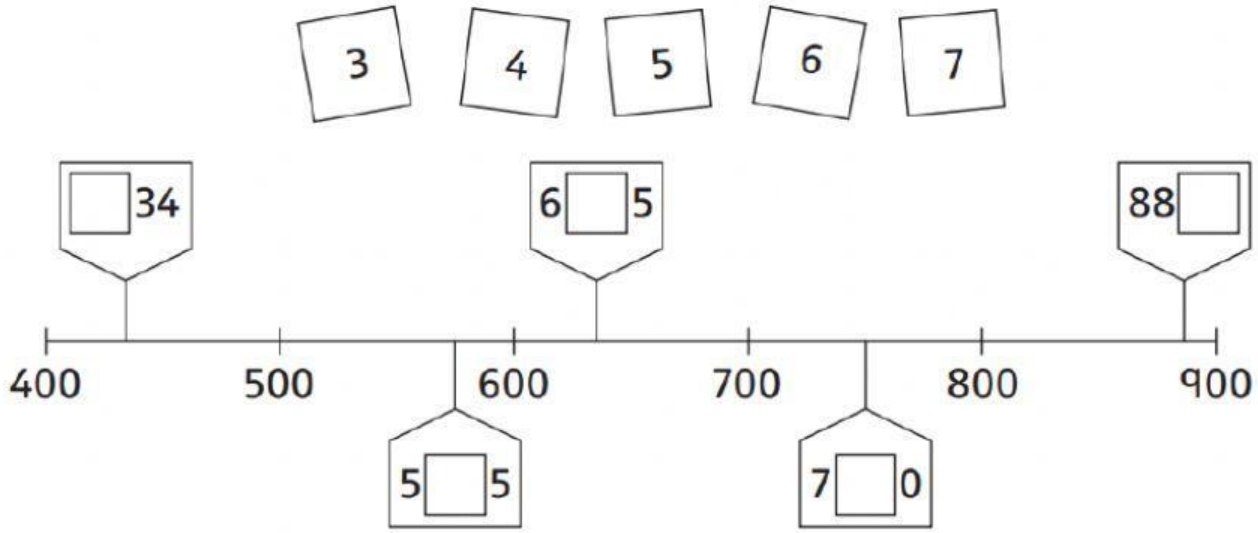

a) ☐ × 14

×	10	4	
	70	28	= 98

b) 3 × ☐☐

×			
3	60	9	= 69

4 These digits are missing in the numbers on the line. Work out where they belong and write them in the boxes.

LIVEWORKSHEETS

5 Draw a line to match each time with its partner.

25 past 3

quarter to 4 in the afternoon

12 minutes before 3 o'clock

10 minutes later than 5:40

3:45 pm

8 minutes to 12

6 Write each digital time.

a) 15 minutes earlier 

b) 20 minutes later 

c) 45 minutes earlier 

d) 25 minutes later 

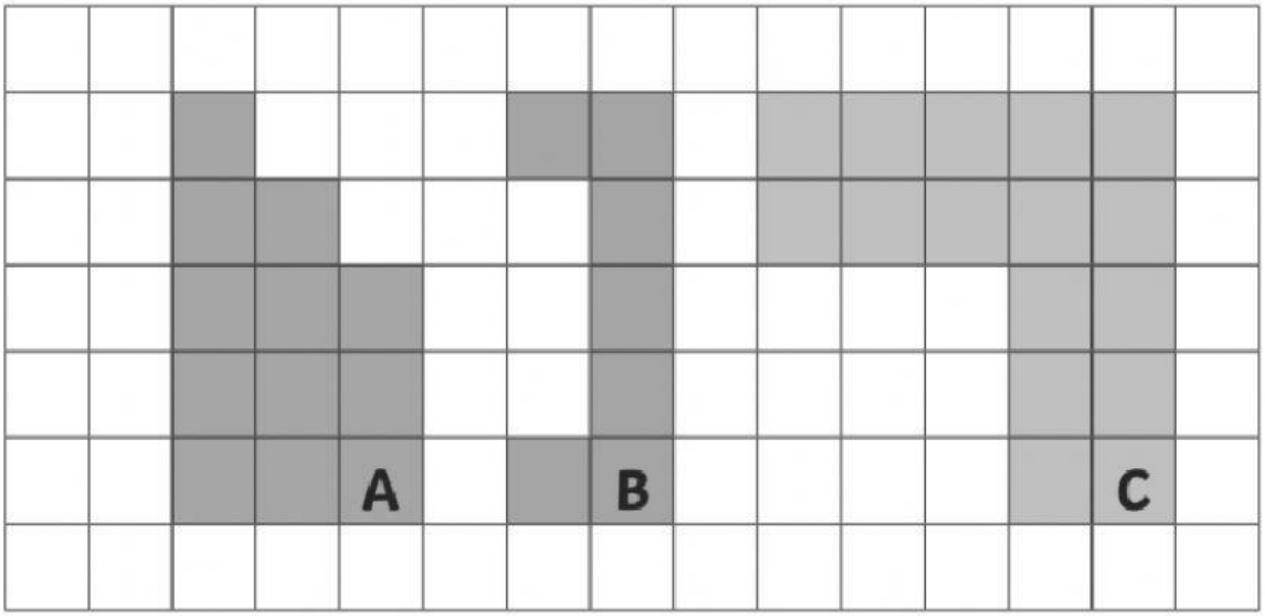

d) 25 minutes later 

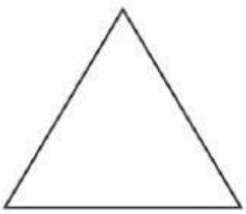

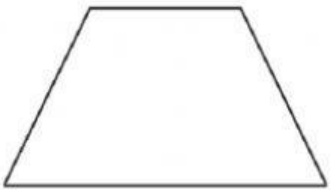

LIVEWORKSHEETS

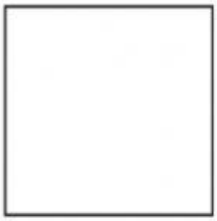

8 Find the perimeter of these shapes in centimeters.

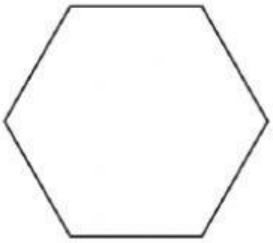

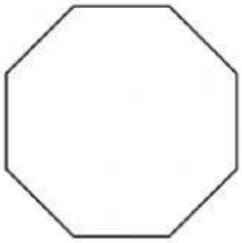

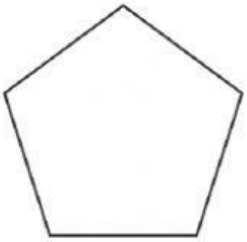

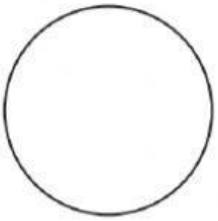

A: ☐ cm B: ☐ cm C: ☐ cm

9 Name the 2D shape.

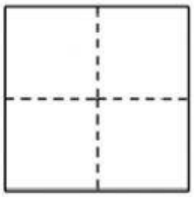

_____ _____ _____ _____

_____ _____ _____ _____

10 A square has a perimeter 48 cm. Cut it into four identical small squares along the dashed lines as shown below. What is the sum of the perimeters of the four smaller squares?

☐ cm
