Go The Distance | Michael Bolton

I have often dreamed of a far-off place
Where a hero's welcome, would be waiting for me
Where the crowds will cheer, when they see my face
And a voice keeps sayin', "This is where I'm meant to be"

I'll be there someday, I can go the distance
I will find my way, if I can be strong
I know every mile, will be worth my while
When I go the distance, I'll be right where I belong

Down an unknown road, to embrace my fate
Though the road may wander, it will lead me to you
And a thousand years, would be worth the wait
It may take a lifetime, but somehow I'll see it through

And I won't look back, I can go the distance
And I'll stay on track, no I won't accept defeat
It's an uphill slope, but I won't lose hope
Till I go the distance, and my journey is complete

But to look beyond the glory is the hardest part
For a hero's strength is measured by his heart

Like a shooting star, I will go the distance
I will search the world, I will face its harms
I don't care how far, I can go the distance
Till I find my hero's welcome, waiting in your arms

16. What message does the song tell us?
- A person must fight to be a hero.
 - One should do hard effort to be successful.
 - We must go far away to become a hero.
 - Everybody must be strong to become a hero.
17. "And I'll stay on track, no I won't accept defeat".
What word can replace the underlined word?
- Destiny.
 - Dignity.
 - Fate.
 - Loss.

My Favorite Painting

My favorite painting is the pencil-drawing of myself made by my friend Sofiyadi. He made it two years ago when I asked him to paint. He used my photo as the object and made the copy of it on a piece of paper by using a pencil. He put it in a frame and gave it to me as a birthday present.

The size of the painting is 30 x 40 cm. The media of the painting is drawing book paper, so it is thick and stiff. The image on the painting is my face with a bit additional sketch of my shoulder. It is made by using pencil so the color is black, but it clearly shows the real appearance of my face along with the shadow and the face contour. But my jaw looks smaller on the painting which makes me seem thin. There is a signature of my friend at the bottom corner of the painting as the painter. The painting is displayed in a wooden frame on the wall of my study room.

- To describe his favorite painting.
 - To tell the readers about his hobby.

What does the underlined word mean?
