It's used to	They're used to	This was used to	~~are used for~~	this is used for

This is my friend, Zok. He's from a different planet. He doesn't have lots of things on his planet that we have on ours.

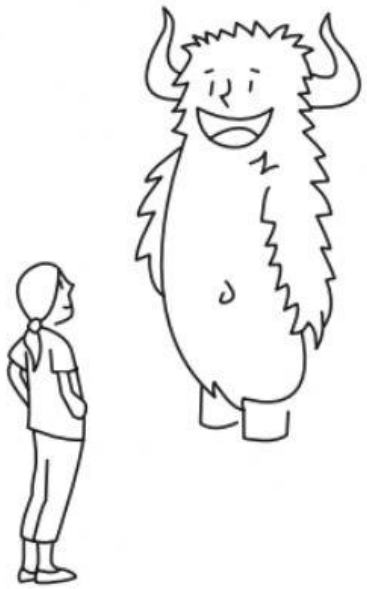

He asks me all the time what things (1) ..... are used for ..... .

Yesterday he was looking at a mirror. He said, 'Who's that?' I said, 'That's you, Zok. This is a mirror. (2) ..... look at yourself.' Zok liked what he saw.

Later in the day, Zok found a pair of scissors. He asked what they were. I said, 'These are scissors. (3) ..... to cut people's hair.' Zok said, 'Please use them to cut my hair!' So, I cut Zok's hair.

This morning, I found Zok in my suitcase. He said, 'I know what (4) ..... ! It's used to sleep in.' 'No, it isn't, Zok. It's used to take clothes on holiday!'

I showed him my dad's old record player. I said, '(5) ..... play music.' Zok replied 'We've got those on my planet!'
