Volume of cuboids

What is the volume of each 3D shape?

a)

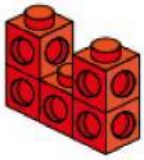

volume = ☐ cubes

b)

volume = ☐ cubes

c)

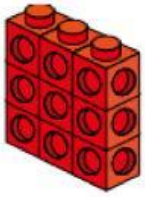

volume = ☐ cubes

d)

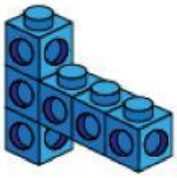

volume = ☐ cubes

e)

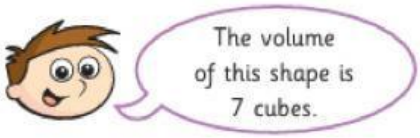

volume = ☐ cubes

f)

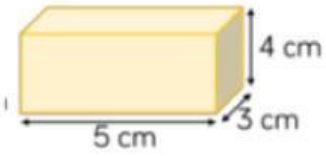

volume = ☐ cubes

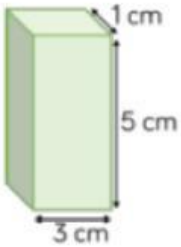

Do you agree with Teddy? _____

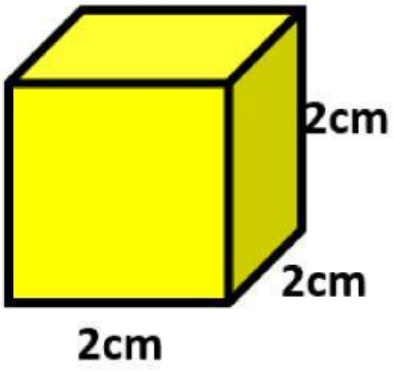

Explain your answer.

The length is:
The width is:
The height is:

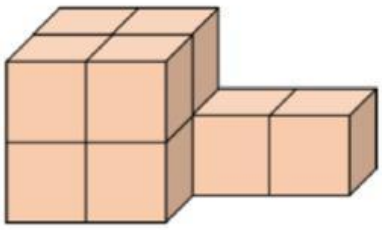

The length is:
The width is:
The height is:

Volume = **cm³**

Amir says he will need 8 cm³ to build this shape.

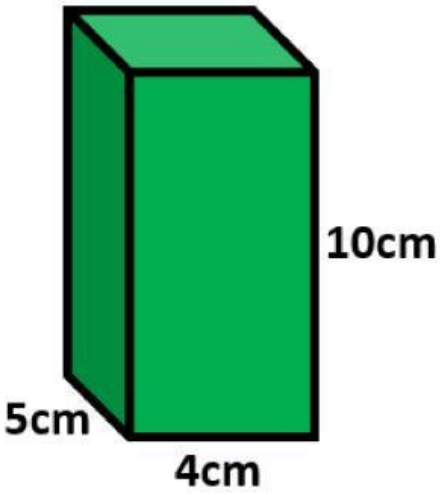

Dora says she will need 10 cm³.

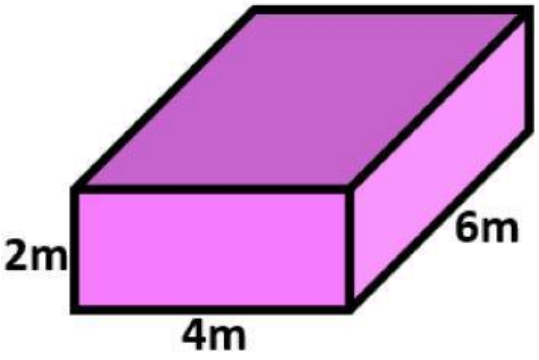

Who do you agree with?

Explain why.

LIVEWORKSHEETS

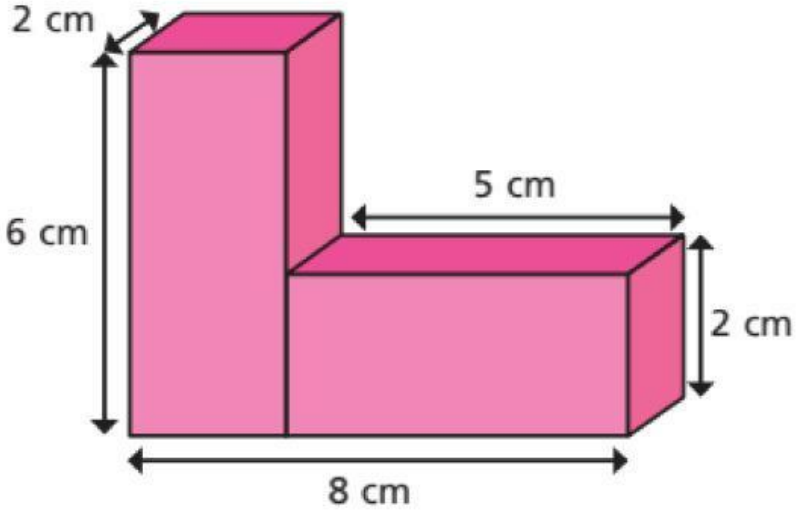

Volume = cm^3

Volume = m^3

Extra 4 Experts

Volume = cm^3
