

CHAPTER 10: TIME
WORKSHEET GRADE 3

Name : _____
Class : _____
Day/Date : _____

Hello, Mathematicians,
We have learned about this before. So, please believe in yourself,
focus when you count, give your best, and surrender the result into
God's hands.

1. Use "past" or "to" to tell the time

2. Write the missing numbers

$$425 \text{ min} = \underline{\quad} \text{h} \underline{\quad} \text{min}$$

3. Sophie learns Mathematics for 4h 30 min. Aidan learns Mathematics for 2h 50 min. How much longer did Sophie learn than Aidan?

Answer: _____

4. Wina sewed two blouses. It took 3h 40min to sew the first blouse and 2h 55min to sew the second blouse. She finished sewing the blouses at 8.10 p.m. What time did she start sewing? (Using The Timeline) Answer: _____

5. Write the missing numbers

a. $396 \text{ years} = \underline{\quad} \text{ centuries} \underline{\quad} \text{ years}$

d. $51 \text{ days} = \underline{\quad} \text{ weeks} \underline{\quad} \text{ days}$

b. $72 \text{ months} = \underline{\quad} \text{ years}$

e. $63 \text{ days} = \underline{\quad} \text{ weeks} \underline{\quad} \text{ days}$

c. $49 \text{ days} = \underline{\quad} \text{ weeks}$
