

Write a Paragraph about Activities

***Cette activité se trouve à la page 37 de Poptropica ! La plupart des élèves l'ont déjà faite. Par contre, quelques élèves ont manqué le cours. Quelques-uns veulent refaire l'exercice. Pour cette raison, je rends l'exercice disponible ici sur Liverworksheets !**

You have to write a paragraph about three activities that you would like to try. You also have to say why you would like to try them. Here is a simple example:

I would like to try karate because I am good at sports. I would like to try painting because I am creative. I would like to try building a website because I like working with computers.

Three activities were mentioned in the above paragraph. However, this paragraph is very simple. We want to do something a little more complicated. Here is a model that you can follow:

There are many activities that I haven't tried yet. I would like to try karate because I am good at sports. Another activity I would like to try is painting because I'm creative. Lastly, I would like to try building a website because I like working with computers.

This paragraph is more complicated. It has an introduction! You need a sentence that introduces the subject. It also has some transitions between the phrases. Take another look:

(Intro)There are many activities that I haven't tried. I would like to try karate because I am good at sports. (Transition) Another activity I would like to try is painting because I'm creative. Lastly, I would like to try building a website because I like working with computers.

Now, here are some ideas that will help you write your paragraph:

Intro phrases (pick one or make your own):

- Let me think of some cool activities.
- There are many activities that I haven't tried.
- Activities are a great way to spend time.

Transition phrases (you can use these transition phrases, or think of your own):

- Another activity I would like to try is...
- A creative activity I might like is...
- The second activity that interests me is...
- Lastly,
- One more thing,
- Finally,

Here are some reasons why you might want to try some of these activities:

because... it's good for you health... it's motivating... I can learn to defend myself.... it's peaceful... I can be on a team... it's lots of fun... you get to move around... it looks beautiful... I think art is beautiful... I love music... it is so cool... I want to be an actor... I love technology... computers are interesting... I want to be a computer programmer... I like coding... there are lots of jobs with computers...

***Now, here is some space where you can write your ideas.**

Activities Paragraph
