

Number each strophe from 1 to 5 and the chorus from 1 to 3 in the correct order.

Where The Streets Have No Name (U2)

I wanna tear down the walls ()
I wanna run, I want to hide ()
That hold me inside ()
And touch the flame ()
I wanna reach out ()
Where the streets have no name

Without a trace ()
From the poison rain ()
I wanna feel, sunlight on my face ()
I wanna take shelter ()
I see the dust cloud disappear ()
Where the streets have no name

Chorus:
Where the streets have no name
Where the streets have no name
I go there with you, it's all I can do ()
Burning down love, and when I go there ()
We're still building, then burning down love ()

The city's a flood and our love turns to rust ()
I'll show you a place ()
Trampled in dust ()
We're beaten and blown by the wind ()
High on a desert plain ()
Where the streets have no name

(Chorus)

Our love turns to rust
We're beaten and blown by the wind
Blown by the wind, oh, and I see our love
See our love turn to rust

Oh, we're beaten and blown by the wind
Blown by the wind
Oh, when I go there, I go there with you
It's all I can do
