

Cause and Effect

1. Identify the cause and effect.

There was a
banana peel

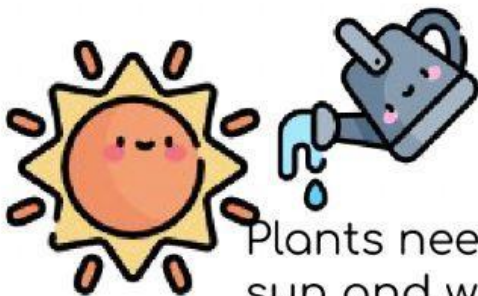

so, I fell.

She buys food

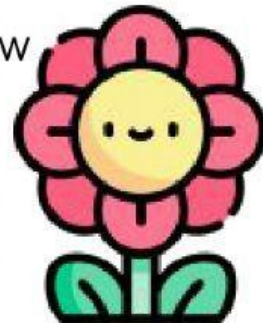

She is hungry

Plants need
sun and water

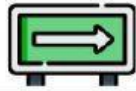

To grow

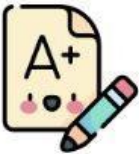

Cause and Effect

2. Sort the causes and effects.

Cause

Effect

Today is really sunny, 		it is growing strong. 
	there is a rainbow 	I will have good grades. 
Since I always water my plant, 		so I will use my cap. 
	Therefore I can play. 	I finish all my activities, 
If I study and pay attention, 		Because it was raining,
