She works at a zoo!

I'm at the Al Areen Wildlife Park and Reserve. It's a type of zoo with lots of different animals. I'm here with Mona. She works here and looks after the big animals: giraffes, lions and camels. Mona says,

'My favourite animals are the giraffes. At the moment we've got six giraffes at the park. Two of the giraffes are babies. They're very cute.'

Mona gets up at six o'clock every day. She starts work at seven o'clock. First she feeds the lions. They eat meat. Then she feeds the giraffes and the camels. They eat vegetables. All the animals drink water. Mona says,

'I go home at three o'clock. I'm always happy, because I love my job!'
