1) Drag and Drop the shapes below next to its description. (5mks)

I have 4 corners, 6 edges and 4 faces	
I have 4 sides and 4 corners	
I have an apex and a curved surface	
I have 6 faces all may not be the same and 8 vertices	
I have 5 sides and 5 angles	

2) Approximate the numerals below. Choose the box with the correct answer from the options next to each numeral. (2mks)

a) 220 to the nearest hundred is _____

300

100

200

b) 367 to the nearest ten is _____

360

300

370

3) Look at the pictures below, then drag and drop to order them from least to most capacity. (1mk)

1

2

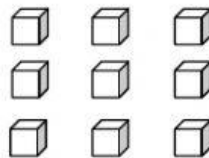

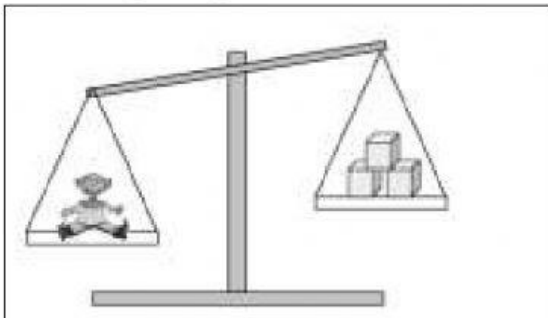

3

4

--	--	--	--

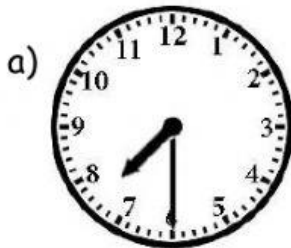

4) Look at the scale below. How many more blocks is needed to balance the scale, if the toy weighs 9 blocks. (2mks)

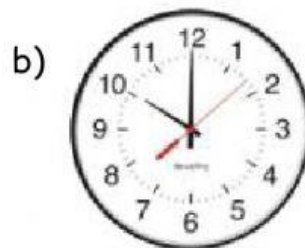

more blocks

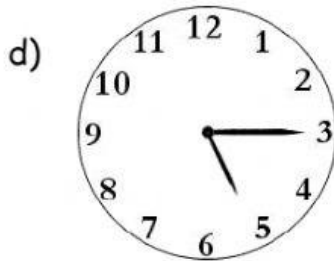

5) Look at the clocks below. Choose the correct time from the options given and drag and drop in the box beneath each clock. (6mks)

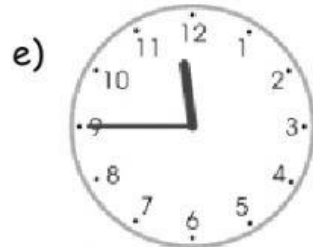

10 o' clock	11.45	Quarter past 5
7:30	Thirty minutes past 11	3.15

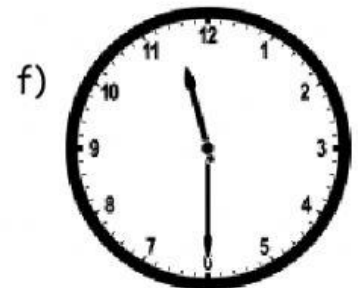

6) Draw a line to match the analog time to its digital time below. (5mks)

Half past 6	12:45
2 o' clock	3:45
Fifteen minutes to 1	6:30
Quarter to 4	8:15
Fifteen minutes past 8	2:00

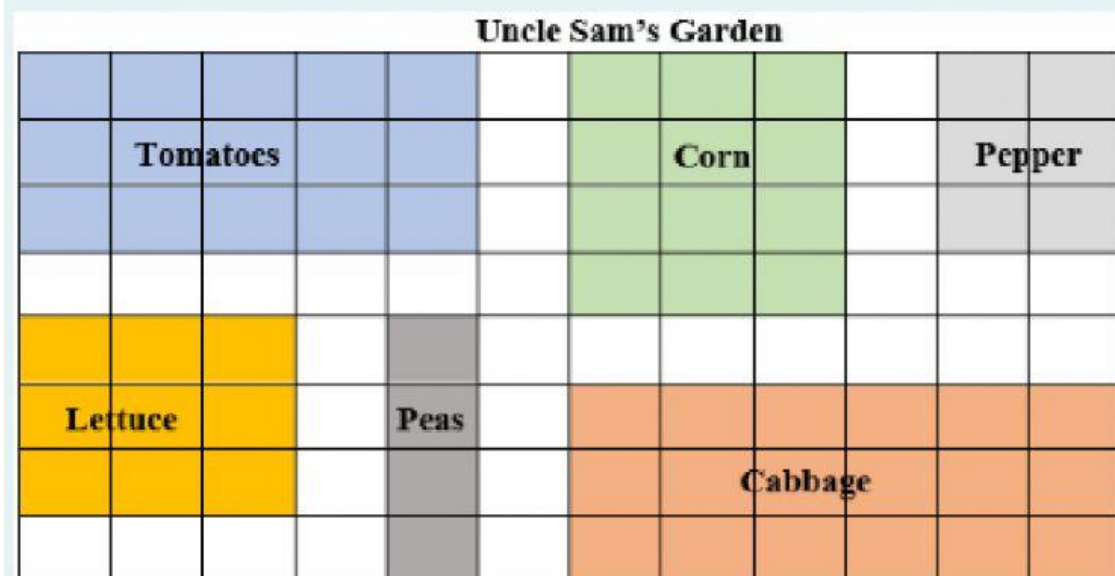

7) The clock below shows the time Aaron **gets up** on mornings. If he takes **2 hours** to get to school, what time does he arrive at school? (2mks)

Time arrived at school is _____

8) Look at the area of a garden below. Answer the questions that follow. (8mks)

Answer the questions below based on the diagram below.

- Which crop has the largest area? _____ (1)
- Which crop has the least area? _____ (1)
