

| Material | Objects | What we have to do |
|----------|---------|--------------------|
| Plastic  |         |                    |
| Metal    |         |                    |
| Aluminum |         |                    |
| Cloth    |         |                    |
| Glass    |         |                    |
| Paper    |         |                    |
| Rubber   |         |                    |

**4 Examine the scheme and explain what way one can keep the three Rs rules.**
