Chapter 6 - Addition and Subtraction within 20

**Topic: Ways to Subtract – Subtracting by regrouping into tens and ones**

1. Regroup the numbers into tens and ones.  
Then, subtract.

**Example**

The example shows 13 frogs arranged in two rows of five. Two frogs are crossed out. To the right, a ten frame is shown with 10 in the left circle and 3 in the right circle. Above the ten frame is the equation  $13 - 2 = 11$ .

(a)  $14 - 1 = \underline{\quad}$

A ten frame is shown below the equation with two empty circles.

(b)  $17 - 3 = \underline{\quad}$

A ten frame is shown below the equation with two empty circles.

2. Regroup the numbers into tens and ones.  
Then, subtract.

**Example**

$$\begin{array}{r} 2 \\ \hline \end{array} - \begin{array}{r} 1 \\ \hline \end{array} = \begin{array}{r} 1 \\ \hline \end{array}$$
$$\begin{array}{r} 10 \\ \hline \end{array} + \begin{array}{r} 1 \\ \hline \end{array} = \begin{array}{r} 11 \\ \hline \end{array}$$

(a)  $14 - 2 = \underline{\quad}$

$$\begin{array}{r} \quad \\ \hline \end{array} - \begin{array}{r} \quad \\ \hline \end{array} = \begin{array}{r} \quad \\ \hline \end{array}$$
$$\begin{array}{r} \quad \\ \hline \end{array} + \begin{array}{r} \quad \\ \hline \end{array} = \begin{array}{r} \quad \\ \hline \end{array}$$

(b)  $15 - 2 = \underline{\quad}$

$$\begin{array}{r} \quad \\ \hline \end{array} - \begin{array}{r} \quad \\ \hline \end{array} = \begin{array}{r} \quad \\ \hline \end{array}$$
$$\begin{array}{r} \quad \\ \hline \end{array} + \begin{array}{r} \quad \\ \hline \end{array} = \begin{array}{r} \quad \\ \hline \end{array}$$

(c)  $16 - 3 = \underline{\quad}$

$$\begin{array}{r} \quad \\ \hline \end{array} - \begin{array}{r} \quad \\ \hline \end{array} = \begin{array}{r} \quad \\ \hline \end{array}$$
$$\begin{array}{r} \quad \\ \hline \end{array} + \begin{array}{r} \quad \\ \hline \end{array} = \begin{array}{r} \quad \\ \hline \end{array}$$
