Câu 18. Read the text below and choose the correct word for each blank.

Magnets

LIVEWORKSHEETS

A solid object that has the power to **attract** iron and some other metals is called a magnet. It does this through its magnetic field, a region of force surrounding it. The (1)_____ the magnet, the more intense is the field.

Objects that are attracted to the magnet, feel a force (2) _____ as 'magnetism', when they are inside the magnetic field. This magnetic force can pass (3)_____ some materials. Even a weak magnet will attract a pin to the other side of a (4) _____ of paper, for example.

Magnets come in different shapes. A familiar one is the curved horseshoe magnet. There are also bar magnets in the form (5) _____ a disc or a stubby cylinder. Every magnet has two poles, called north and south, at opposite ends of it: at the two ends of a horseshoe magnet, for example, or on the two sides of a disc.

Powerful magnets can be (6) _____ by passing an electric current through wire coiled around a piece of iron. The (7)_____ is called an electromagnet. Magnets are (8) _____ in many household devices. They are also commonly used in individual machinery, usually in the form of electromagnets.

Câu 19. Read the text and choose the best answer. Write a letter (A-G) in each blank. You do not need to use all the letters.

A There was also a visitor
B The robot started the lesson
C The voice came on
D She had never met another child face to face
E Imagine seeing new land form right before your eyes
F But today, we are far ahead of the old ways
G Happy New Year!

The year was 2072. Beth touched the start button. (1)_____. "Good morning, Beth. Log into lesson number 9."

Beth liked school. She liked sitting in her study pod. Today's lesson was on history. She waited for the other children from around her home planet to sign on. (2)_____ . It was a

LIVEWORKSHEETS

girl from station 54. It was near Mars. That was a place she really wanted to visit. Her parents promised that they could go there soon.

She signed on. She loved to hear the chatter on the line.

"Did you catch the meteor shower last night?" Nate asked.

"How could I miss it!" Jay interrupted.

"Amazing! We had to move our ship to get out of the way!" Beth said.

. (3)_____.

"Up until just 40 years ago," it said, "children learned together in school buildings. They worked together with a human teacher. (4)_____."

The robo-teacher kept talking. Beth began to think what it would have been like in the old days. (5)_____ . Would it be strange to be in a room with another person?
