

PAST SIMPLE

+	Regular verbs: Sub_ject + VERB + ED
	Irregular verbs: Sub_ject + VERB (memorize !) 
-	Sub_ject + DIDN'T + VERB (infinitive)
?	(question words) DID + sub_ject + VERB (infinitive) + ... ?

Complete the rules:

Question words	infinitive	ED	weren't	memorize	D	subject
didn't	infinitive	wasn't	Did			

In affirmative sentences:

- Regular verbs end in - _____. If the verb finishes in -E, then we only add - _____. Sometimes we double the last consonant.
- The past simple form of irregular verbs is a different word that we must _____.

In negative sentences:

- We add _____ before the verb. The verb is in the _____ form.
- Be careful! The verb BE is different. The negative past forms are _____ / _____

In questions:

- _____ go first. If there isn't a question word, we start with the word _____, then we put the _____ and then the verb in the _____ form. If there is extra information, this goes at the end of the question.

Just add -ED

Verbs ending in -E, →
just add -D.

When there is a consonant before -Y
→ change -Y and add -IED

One syllable verbs with consonant +
vowel + consonant → double the last
consonant and add -ED

Add -ED to these verbs and put them in the correct group.
