bawah sebelum
menjawab soalan diberi.

TAMBAH DAN TOLAK MASA

1 $7 \text{ jam} + 6 \text{ jam} - 4 \text{ jam} = \boxed{} \text{ jam}$

Tambah.
Kemudian,
tolak.

$$\begin{array}{r} 7 \text{ jam} \\ + 6 \text{ jam} \\ \hline \boxed{} \end{array} \quad \begin{array}{r} \boxed{} \\ - 4 \text{ jam} \\ \hline \boxed{} \end{array}$$

$$7 \text{ jam} + 6 \text{ jam} - 4 \text{ jam} = \boxed{}$$

2 $40 \text{ minit} - 9 \text{ minit} + 28 \text{ minit} = \boxed{} \text{ minit}$

$$\begin{array}{r} \cancel{40} \text{ minit} \\ - 9 \text{ minit} \\ \hline \boxed{} \end{array} \quad \begin{array}{r} \boxed{} \\ + 28 \text{ minit} \\ \hline \boxed{} \end{array}$$

Mula-mula tolak.
Kemudian, tambah.

$$40 \text{ minit} - 9 \text{ minit} + 28 \text{ minit} = \boxed{}$$

3 Tolak 21 saat daripada jumlah 27 saat dan 43 saat.

$$27 \text{ saat} + 43 \text{ saat} - 21 \text{ saat} = \boxed{} \text{ saat}$$

$$\begin{array}{r} 27 \text{ saat} \\ + 43 \text{ saat} \\ \hline \boxed{} \end{array} \quad \begin{array}{r} \boxed{} \\ - 21 \text{ saat} \\ \hline \boxed{} \end{array}$$

$$27 \text{ saat} + 43 \text{ saat} - 21 \text{ saat} = \boxed{}$$

4 $5 \text{ jam} + 2 \text{ jam } 5 \text{ menit} - 1 \text{ jam } 30 \text{ menit} = \boxed{} \text{ jam } \boxed{} \text{ menit}$

$\begin{array}{r} 5 \text{ jam } 00 \text{ menit} \\ + 2 \text{ jam } 05 \text{ menit} \\ \hline \end{array}$	$\rightarrow$	$\begin{array}{r} \\ - 1 \text{ jam } 30 \text{ menit} \\ \hline \end{array}$
$\hline$		$\hline$

$5 \text{ jam} + 2 \text{ jam } 5 \text{ menit} - 1 \text{ jam } 30 \text{ menit} = \boxed{}$

5 $36 \text{ menit } 50 \text{ saat} - 17 \text{ menit } 40 \text{ saat} + 20 \text{ menit } 13 \text{ saat}$
 $= \boxed{} \text{ menit } \boxed{} \text{ saat}$

$\begin{array}{r} 36 \text{ menit } 50 \text{ saat} \\ - 17 \text{ menit } 40 \text{ saat} \\ \hline \end{array}$	$\rightarrow$	$\begin{array}{r} \\ + 20 \text{ menit } 13 \text{ saat} \\ \hline \end{array}$
$\hline$		$\hline$

$36 \text{ menit } 50 \text{ saat} - 17 \text{ menit } 40 \text{ saat} + 20 \text{ menit } 13 \text{ saat}$
 $= \boxed{}$
