My school is St. Paul's School. It's a boarding school with more than 500 students from all over the country. Everyone studies and lives here. We are a community of students and teachers, who live and learn together.

My teachers always take the time to know and help the students in the classroom, in the dormitory, in the playground, or any activities. We can meet regularly with the teachers for more help.

Daily life is full and busy for the students, between classes and extra-curricular activities. But there is still much of time for fun and we have more than 15 clubs and groups. I love my school and enjoy my school days so much.
