

Match the definition with its explanation

Depletion of natural resources	Famine	Forest fire	Poaching	Pollution
Wars	Epidemics	Deforestation	Animal extinction	Oil spills
Fog	Refugees	Homeless	Genocides	Terror attacks

1. The unlawful use of force or violence against persons or property to intimidate or coerce a government or its citizens to further certain political or social objectives.
2. A person who has been forced to leave their country in order to escape war, persecution, or natural disaster.
3. Without a home, and therefore typically living on the streets.
4. When resources are consumed at a faster rate than that of replacement.
5. A state of armed conflict between different countries or different groups within a country.
6. A thick cloud of tiny water droplets suspended in the atmosphere at or near the earth's surface which obscures or restricts visibility (to a greater extent than mist; strictly, reducing visibility to below 1 km).
7. The presence in or introduction into the environment of a substance which has harmful or poisonous effects.
8. To catch and kill animals without permission on someone else's land.
9. The murder of a whole group of people, especially a whole nation, race, or religious group.
10. A situation in which there is not enough food for a great number of people, causing illness and death, or a particular period when this happens.
11. An accident in which oil has come out of a ship and caused pollution.
12. A situation in which something no longer exists.
13. The cutting down of trees in a large area, or the destruction of forests by people.
14. The appearance of a particular disease in a large number of people at the same time.
15. A fire burning in an area of land with many trees, that is difficult to control and sometimes spreads quickly.
