G **Complete the text with the correct Present Simple or Present Continuous form of the verbs in brackets.**

Identical twins

I (1) _____ (think) that identical twins are fascinating. They (2) _____ (have) the same DNA, but they've got different fingerprints and they often have different personalities too. My sisters Katy and Sandy (3) _____ (be) identical twins, and my parents and I (4) _____ (not / know) which twin is which most of the time. In fact, they (5) _____ (always / play) tricks on us, which is not funny! They (6) _____ (wear) different clothes every morning, so we know who is who but then they (7) _____ (sometimes / change) clothes later just to confuse us. There is only one thing that helps us tell who is who: Katy (8) _____ (spend) a lot of her free time reading books, but Sandy (9) _____ (hate) reading. She often complains about it, saying 'Katy (10) _____ (read) again!'.
