

## PAST SIMPLE REGULAR TENSE QUESTIONS 2

READ THE TEXT AND ANSWER THE QUESTIONS

Josephine Cochrane 1839 to 1913

Josephine Cochrane was an inventor from the USA. She didn't like washing the dishes and she decided to invent a dishwasher. She designed the dishwasher alone at home. Then she worked with a mechanic to make her dishwasher. The first dishwasher was ready in 1886. It was popular with hotels and restaurants. In 1897, Josephine Cochrane opened a factory to make dishwashers. She managed her factory until her death in 1913.

- 1- Did she like washing the dishes?
