#### THE CHEETAH

The cheetah is the fastest animal on land. It can run 100 kilometers an hour. It is now rare and is one of the animals which is in danger of extinction.

The cheetah has a small head and ears, and long, powerful legs. It always hunts and chases its prey on open ground. This is a different way of hunting from the other "big cats." They like to stay in and near trees to catch their prey.

The cheetah is also different from other cats because it cannot draw in its claws.

## Mother How Are You Today

Maywood

**Mother, how are you today?**

Here is a note from your  
daughter

With me everything is ok  
Mother, how are you today?

Mother, don't worry, I'm fine  
Promise to see you this summer  
This time there will be no delay  
Mother, how are you today?

**I found the man of my dreams**

Next time you will get to know him  
Many things happened while I was  
away

Mother, how are you today?

Mother, how are you today?  
Here is a note from your daughter  
With me everything is ok  
Mother, how are you today?
