

# PROPAGANDA TECHNIQUES

Identify each propaganda technique and write it in the space provided.

- 1) On last night's newscast, Chris Brown said that he took the vaccine. He also said that Nicki Minaj, Doja Cat, and Jojo Siwa took it also. He did not have any side effects. He strongly encourages you to take it.
- 2) All of your friends have a Tesla. Shouldn't you have one too?
- 3) "I'd love to order a Will Smith numbing cream for slaps please!"
- 4) White sandy beaches and crystal clear, aquamarine waters attract hoards of tourists every year to The Bahamas. The warm tropical sun and cool breezes provide a vacation paradise.
- 5) Have you ever listened to some sweet Bahamian music? It will have you tapping your feet, swaying your body, and bouncing from left to right! It is impossible for you to keep still when that rake and scrape starts playing! Everyone feels this way!
