

Amazing Acrobats

Most Chinese acrobats join the circus when they are six years old, but they can spend ten years practicing just one act!

a. Juggling: Acrobats use their feet to juggle things.

They juggle tables, chairs, umbrellas, plates, and even people!

b. Cycling: In this act, acrobats use "monocycles" (bicycles with one wheel). The most famous act is the "bird."

c. Tight - wire: This act is about 2,000 years old.

Brave acrobats walk, cycle, or jump on a wire that is high in the air.

Don't miss Chinese acrobats. They're the best!

I. Circle T (True) or F (False).

- 1. All Chinese acrobats join the circus at six years old. T F
2. Acrobats use their feet and hands to juggle things. T F
3. Acrobats can juggle both things and people. T F
4. The "bird" is the most famous cycling act. T F
5. People invented tight - wire about 2,000 years ago. T F

II. Answer the questions.

- 1. What is the text about?
2. How long do acrobats spend learning one act?
3. What do acrobats use in cycling act?
4. What do acrobats do in tight-wire act?
5. Who are the best acrobats?

\* What about you?

Which acts do you like the most? .....
