

Lesson 1 Looking at a Microsoft Word Document.

Before we can start to type on a Word document , we need to make ourselves familiar with the different words and what that action means

The Backstage View

When first opening the program, the user will be presented with options to open recent documents, start a new blank document, or select from a number of templates. The following explains how to enter the *Backstage View* after creating your document:

1. Click the **File** tab.
