WORKSHEET (06/04/2022)
Unit 8: What's for dinner?

I. Read and choose True or False

A Monkey

Monkeys live in the rainforest. They are known as smart animals. The rainforest is wet and cool. All the monkeys can jump and swing. They like bananas very much and they eat bananas every day. The monkeys use their long arms to swing from this tree to that tree. They are very fast and smart. Mother monkeys can take care of babies well. They are so lovely.
