

COMPUTING FOR VOLUME

The formula for getting the volume of a rectangular prism is $L \times H \times W$.
Let's practice computing for volume with the following problems. Input the right value and the unit with a space in between.

L H W

	x		x	
--	---	--	---	--

Volume:

--

 cm^3 

L H W

	x		x	
--	---	--	---	--

Volume:

--

 cm^3 

L H W

	x		x	
--	---	--	---	--

Volume:

--

 cm^3 

L H W

	x		x	
--	---	--	---	--

Volume:

--

 cm^3
