I. Fill in this procedural text about making a volcanic eruption.

Hello everyone, today I am going to make a volcanic eruption from the things around us.

Things that we need:

1. 1 empty b _ _ _ _ e
2. 10 mL d _ _ h s _ _ p
3. Baking s _ _ a
4. Food c _ _ _ _ ing
5. 1 used spoon and glass
6. Vinegar

These are the steps we do:

1		2	
3		4	
5		6	
7			

Next, carefully pour the vinegar and water into the bottle.

The fifth add 25mL of vinegar and 75 mL of warm water into another glass.

Now you can step back and watch the eruption of volcanic mountain.

Second, mix dish soap, 1 table spoon of baking soda, and the food coloring to the small part of the bottle.

After that, pour the water after the small part of the bottle half full.

First, we need to cut the bottle into 2 parts, 7 cm from the lid and 15 cm from the top.

Then, cover the small part of the bottle with the big part of the bottle.
