

# Polígonos

Hallar el área y perímetro de los siguientes polígonos

$$\text{Área de polígonos regulares} = \frac{P \times ap}{2}$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$

$$P = \boxed{\phantom{000}} \text{ cm}$$

$$A = \boxed{\phantom{000}} \text{ cm}^2$$
