On the Loose – Niall Horan

Listen to the song. As you listen, drag the transcription right next to the corresponding word. There are extra options.

I know what she's like / She's out of her mind
And wraps herself around the truth / She'll jump on that flight
And meet you that night / And make you tear up the room

She loves when everybody's watching
She knows the way her body moves
She loves the way they all crawl back when she says
That she loves nobody else but you
She's on the loose (she's coming, she's coming)
She's on the loose (she's coming, she's coming for you) x2

She'll dance in the dark / A real work of art
Her eyes could burn down the room / So get out while you can / You don't understand / She doesn't know how to lose

She loves when everybody's watching
She knows the way her body moves
She loves the way they all crawl back when she says / That she loves nobody else but you
She's on the loose (she's coming, she's coming)
She's on the loose (she's coming, she's coming for you) x2

She'll run with your mind and pull you in tight / Then trade you in for something new / I know what it's like , I fell for it twice / And now I'm just warning you

She loves when everybody's watching
She knows the way her body moves
She loves the way they all crawl back when she says
That she loves nobody else but you (x2)
She's on the loose (she's coming, she's coming)
She's on the loose (she's coming, she's coming for you) x2
She's on the loose x2
