Questions 7-13

For each question, choose the correct answer.

My House

Maria

My family and I live in a small city in Arizona, USA. It's me, my parents and my older brother Jeremy. Our house isn't that big, but it's nice. My brother and I each have our own bedroom. We each have a desk there where we do our homework. We also have a living room, a kitchen and a dining room. We don't eat there very often, but my brother likes to play video games there and I play table tennis with my friends. It's lots of fun!

Jennifer

I live with my family on a farm in the countryside in Australia. We have horses and cows, and we grow corn in our fields. Our house is very big and old with lots of rooms. That's a good thing, because I have a big family – four brothers and one sister! So the bathroom is very busy in the morning before school! My brothers each have their own bedroom, but my sister and I are in the same one. We also have a study room where I can do my homework and there's a big shed behind the house where the animals stay. I love spending time in the shed with the animals, especially my horse, Snow!

Mira

I love the city life! I live in a flat in London with my mum, my dad and our dog, Max. Our flat isn't big, but it has enough room for us. We have a living room, a kitchen, a dining room, two bedrooms and two bathrooms – one is just for me! We live in the city centre, so it can be noisy at times. That's difficult when I'm trying to study. But I love having so much to do in my neighbourhood! There's a basketball court down the road where I play most days, as well as lots of shops, restaurants and cafés.
