- The river near this town is called the River Cross. It starts in the hills, runs down past our town and then it becomes part of the River West.
- There's a bank on the corner of South Street and High Street, opposite the train station.
- The post office is on High Street. It's across the street from the supermarket which opened last month.
- A new sports shop has just opened. It's on River Road near the newspaper shop. All their hockey shirts are very cheap this week if you need a new one.

5. If you need to buy some medicine, there's a very friendly chemist's on the corner of River Road. It's very easy to see because it has a green cross outside.
6. There isn't a bus station in this town, but you can wait for the bust at the bus stops on both sides of South Street. The 11 o'clock bus has just stopped there.
7. If you need somewhere to stay, there's an excellent hotel across the street from the train station. It's called the Station Hotel because it's on the road with the same name.
8. A new restaurant is going to open between the hotel and the post office. The name outside says The Food Village so I think they're going to sell different kinds of food.
